Prior to this revision, Farm policies received the lowest rating factor for Usage. We are broadening the definition of the Farm category to be Low Mileage vehicles. The new rating factors are in attached Exhibit 13 - Vehicle Use and the new rules are attached in Exhibit 24 - Product Guide (Auto). The only factors changing are those for Farm, which are being re-defined as Low Mileage; base rates and all other rating factors remain unchanged. This introduces a rate change of -0.1% for our auto program.
